

Attorney Docket No. 948-001.002
Application Serial No. 10/667,139

REMARKS

The Restriction Requirement mailed on May 6, 2005 indicated that the claims of the present invention are directed to two species; namely, species A and species B, and that claim 1 is generic to both species. Claims directed to species A have been elected without traverse.

It is noted at paragraph 6 of the Official Action that upon allowance of a generic claim, the applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all of the limitations of the allowed generic claim.

The application is now believed to be in condition for examination.

Respectfully submitted,

Dated: May 23, 2005
